04 TYPOGRAPHY

Hierarchy & Scale

A lead paragraph, set in Manrope Light at twenty points, introduces a section and carries a little more air in its line height than the body copy below.

Body copy is set in Manrope Regular at sixteen points for comfortable reading across product listings, user manuals and long-form web content.

STYLE	TYPEFACE	SIZE / LEADING	TRACKING	USE
Display	Parafina Medium	64 / 70 pt	−0.01em	Cover titles, hero campaigns
